

GOVERNMENT OF KERALA

Planning and Economic Affairs (CPMU) Department

No. 10969/CPMU-1/04/Plg

Dated Thiruvananthapuram 02.03.2005

**Circular**

Sub:- Members of Parliament Local Area Development Scheme – speedy issuance of sanction for works – reg.

Ref: - Para 3.2 of guidelines on MPLADS

The guidelines on MPLADS stipulate that all sanctions should be issued within forty five days from the date of receipt of the proposal for the work. But it has been noticed that in many cases, the sanction process is taking more than the time allowed for the purpose. Hence it has been decided to fix a reasonable time schedule for the purpose. After considering the matter in detail, the following time schedule is fixed for sanctioning works proposed by the Members of Parliament.

1. On receiving a proposal from an MP, the estimates should be requested from the implementing agency within five days from the date of receipt of a proposal. All scrutiny, identification of implementing agency etc. should be completed within these five days.
2. The implementing agency should submit the detailed estimate within twenty days from the date of the request.
3. Administrative sanction should be issued within five days from the date of receipt of the estimate.
4. Technical sanction should be issued within fifteen days from the date of receipt of the administrative sanction.

In the case of issuance of Technical Sanction of electrification works, the District Level Electrical Technical Committees constituted for the decentralized planning process may also be engaged in addition to the Electrical Wing of the PWD for the preparation of estimates and issuing Technical Sanction for works under the MPLADS.

The District Collectors should ensure that the time schedules for implementing the works under MPLADS as fixed above are strictly followed.
